

Middle East Port Advisory

Date / Time: 28/03/2026 - 17:00 UAE LT

Regional Overview	In Kuwait, BAPCO operations are currently suspended. Khalifa Port Terminals in the UAE have also halted operations until further notice. In Oman, vessels calling at any Oman port are required to submit an official letter confirming that they are not carrying any dangerous goods onboard. If dangerous goods are present, the cargo type must be specified in detail, and the vessel must obtain approval from the Ministry before entering Omani territorial waters.					
	Port Status	ISPS Level	Air Space	Impact to travel	Remarks	Date Logged - UAE LT
UAE	Most ports are operational with some restrictions.	Ruwais PPA ISPS Level 2 All other ports ISPS 1	Open - Limited	• Limited airport operations across the country.	<ul style="list-style-type: none"> • Fujairah and Khor Fakkan - The Fujairah Oil Tanker Terminal (FOTT) is partially operational, according to the latest update from the port. Not all berths are online. Vopak terminals are operational. ADNOC SPM Terminal is operational. • General cargo and container discharge operations are proceeding as scheduled at both Fujairah Terminal and Khor Fakkan Terminal without any disruption. Anchorage services are all normal without interruption. • Navigational warning No. 01/2026 has been disseminated, addressing reported incidents of intermittent GPS signal spoofing and jamming in offshore areas of Fujairah. These disruptions may lead to a loss of positional accuracy, erratic vessel movements on Electronic Chart Display and Information Systems (ECDIS), and potentially misleading positional information. Mariners are advised to consider this area as high risk. • Jebel Ali, Hamriya, and Sharjah Port, all terminal port operations are normal. • Khalifa port terminals - operation suspended until further notice. (updated) • STS operations at the Dubai and Sharjah anchorages are currently suspended due to safety reasons; however, bunkering is still permitted. • Ruwais and Abu Dhabi petroleum ports are operational. Ruwais PPA (ISPS level 2) & Abu Dhabi Ports (ISPS Level 1). Abu Dhabi Ports confirmed that all UAE ports managed and operated by AD ports remain fully open and are operating as usual. • Ras Al Khaimah Ports remain open and are operating normally. • Dubai Airport has resumed operations at 90% capacity. • Limited airport operations have resumed across the country with a small number of flights operating. Passengers must not travel to the airport unless they have received a confirmed departure time directly from their airline, as schedules remain subject to change. • A temporary measure has been implemented to facilitate customs cargo clearance for shipments destined for Jebel Ali or Abu Dhabi Ports via the Ports of Fujairah and Khor Fakkan. In response to ongoing circumstances, this initiative allows direct road transport of containers to Jebel Ali, designated Free Zones, or Abu Dhabi, eliminating the need to adhere to traditional customs clearance procedures. 	28/03/2026 - 17:00

Flights are coming in and out of Israel on a limited basis, with restrictions. • A briefing update from the Israeli Navy was received relating to operations in Israel. Key points: In order to maintain maritime security, a temporary safety zone has been established along the Israeli coast. In coordination with the Israeli Ministry of Transport, the following temporary measures have been introduced to maintain both the safety of the naval operational activity and freedom of navigation: Vessels with a scheduled port call within 24 hours may remain in the designated anchorage area. Vessels scheduled to arrive in more than 24 hours are required to remain 12-18 nautical miles offshore from the coastline, preferably south of the latitude of Mount Carmel. Vessels carrying DG must obtain berthing approval in advance from the Israeli Navy and the Ports and Shipping Authority. AIS systems – it is recommended to switch off the system after entering the Israeli EEZ in order to prevent civil surveillance from online tracking sites. Communication may be established via marine VHF radio / telephone / satellite phone, if required, with the RCC (Rescue Coordination Center) or the naval authorities. Any changes in the maritime security situation will be communicated through subsequent maritime safety notices. 	27/03/2026 - 16:00
